

# River Romney

415-835-4317 | contact@riverromney.com | linkedin.com/in/riverromney | riverromney.design | San Francisco, CA

## PROFESSIONAL SUMMARY

Design leader specializing in design systems, cross-platform product design, and scalable component architecture. Led large-scale design system transformations across six product teams (iOS, Android, Web), driving a **25% increase in team efficiency** through unified design patterns, contribution models, and cross-functional partnership. Combines technical fluency in Figma and design tokens with a record of building inclusive design cultures, mentoring teams, and aligning creative vision with business strategy. Case studies: [riverromney.design](#)

## CORE COMPETENCIES

Design Systems Strategy & Governance

Component Architecture & Token Systems

Cross-Platform Design (iOS, Android, Web)

Accessibility & Inclusive Design

Cross-Functional Team Leadership

Design Ops & Workflow Optimization

Design/Engineering Alignment

Data-Driven Product Design

## WORK EXPERIENCE

Career Break -- Bereavement

October 2025 -- April 2026

San Francisco, CA

- Took time away from work to care for family. Continued professional development through design systems research, portfolio development, and building an **AI-first design token system** with motion tokens and WCAG-compliant architecture.

Capital One

September 2024 -- October 2025

Principal UI/UX Designer, Design Systems | San Francisco, CA

- Orchestrated **design system audits and quality standards** for an internal enterprise data platform, streamlining cross-business research collaboration and enabling consistent, data-driven decision-making across functions.
- Led integration and migration initiatives to unify the design language across data decisioning products, improving **accessibility compliance by ~30%** and driving adoption of standardized components enterprise-wide.
- Spearheaded migration from Ant Design to the Gravity Design System, creating **reusable subsystems** and modular interaction patterns for compliance-ready decisioning workflows.

OpenTable

February 2023 -- March 2024

Lead Product Designer, Design Systems, Product Owner | San Francisco, CA

- Led vision, strategy, and roadmap for OTKit, a design system adopted by six product teams (iOS, Android, Web), consolidating **Figma libraries by 50%** and improving UI consistency across platforms.
- Built a Design System Ambassadorship Program, mentoring designers across every product team to contribute patterns, provide feedback, and champion accessibility best practices.
- Shipped typography rebuild and motion token system, driving a **+2.19% increase in bookings** through improved cross-platform consistency.
- Shaped tooling workflows and contribution processes, driving a **25% increase in team efficiency** and reaching **500+ employees** via a monthly internal newsletter.

OpenTable

August 2019 -- February 2023

Senior Product Designer | San Francisco, CA

- Delivered cross-platform design solutions spanning reservations, guest data, table management, personalization tools, and hospitality features. Achieved **80% of new feature OKRs**, improving operational efficiency across three or more business lines.
- Led design thinking workshops and iterative prototyping to ship high-impact solutions including online availability, COVID response tools, and multilingual booking support, **reducing reliance on legacy software by 35%**.

## Epic!

April 2018 -- August 2019

### Product Designer | Redwood City, CA

- Increased annual subscriptions by 53% through redesigned term subscription pages, boosting LTV/CAC by 14% and driving sustainable revenue growth.
- Designed the "Magic Zoom" comic book reading experience, improving accessibility and raising comic completion rates by 11%.
- Launched daily reading goals using gamification and behavioral feedback loops, increasing daily engagement by 6% among young users.

## ExpertVoice

September 2015 -- March 2018

### Interaction Designer | Salt Lake City, UT

- Boosted brand engagement by 17 minutes per session for top outdoor brands like The North Face through interactive, cross-platform training experiences (iOS, Android, Web).
- Partnered with PMs and content teams to deliver 15+ end-to-end brand experiences from research and wireframes through launch, strengthening user participation across retail categories.

## PROJECTS

---

### OTKit Design System (OpenTable) Case Study

Enterprise design system serving six product teams across iOS, Android, and Web. Semantic color tokens with light/dark theming, typography rebuild, shape-based icon system with SF Symbol parity. **25% increase in team efficiency, 50% fewer Figma libraries, +2.19% increase in bookings.** [riverromney.design/work/ot-design-system](https://riverromney.design/work/ot-design-system)

### Decision Engine (Capital One) Case Study

Scalable decision engine replacing spreadsheet-driven policy workflows with modular, compliance-ready components. Migration from Ant Design to Gravity Design System. **~30% accessibility improvement.** [riverromney.design/work/c1-decision-engine](https://riverromney.design/work/c1-decision-engine)

### Agentic Design System AI-First DS

AI-first design token architecture: 44 semantic tokens across 6 tiers, Style Dictionary pipeline with per-brand overrides, built with WCAG accessibility in mind. Covers color, typography, spacing, motion, and radius. [riverromney.design/work/system](https://riverromney.design/work/system)

## SKILLS

---

**Design Leadership:** Design Systems Strategy & Governance -- Cross-Functional Team Leadership -- Accessibility & Inclusive Design -- Quality Audits & Craft Advocacy

**Product & Experience Design:** UX -- UI -- Cross-Platform Product Design (iOS, Android, Web) -- Prototyping in Code -- Systems Thinking

**Technical Tools:** Figma -- Style Dictionary -- Storybook -- HTML -- CSS -- React (prototyping) -- TypeScript (prototyping) -- JavaScript -- AI-assisted design tools

## EDUCATION

---

**Bachelor of Fine Arts: Photography & Digital Imaging** -- [University of Utah](#)

Dean's List. Carmen Morton Christensen Scholarship Award Winner.

**Associate of Science: General Studies** -- [Salt Lake Community College](#)
